ADAM PACE

JUNIOR FRONT-END DEVELOPER

Passionate Software & Web Development graduate with Honors, backed by a strong foundation in IT support, technical troubleshooting, and customer service. Experienced in resolving complex technical issues, supporting end users, and adapting quickly to new technologies through roles in technical support and AI data operations. Skilled in HTML5, CSS, JavaScript, Python, C#, C++, and utilizing GitHub. Eager to contribute analytical thinking, problem-solving abilities, and a commitment to continuous learning while growing as a Junior Web or Software Developer.

FEATURED PROJECT

Portfolio Platform (Flagship Project)

A fully custom cinematic portfolio platform built entirely with HTML, CSS and JavaScript without the use of front-end frameworks.

- Built from the ground up with vanilla HTML, CSS and JavaScript
- Modular architecture for scalability and future project integration
- Cinematic UI/UX with custom animations and transitions
- Dynamic content loading for a seamless, application-like experience
- Interactive project platform with modal box documentation examples of code and descriptions on how it plays a role in the interaction
- Fully responsive and optimized for performance and accessibility

PROFESSIONAL EXPERIENCE

AI Data Annotator (Temporary Employment)

01/2026 – 06/2026

DataForce

- Analyzed and labeled data to help improve AI model accuracy and performance
- Ensured high-quality annotations through attention to detail and consistency
- Worked independently while meeting productivity and quality targets

Technical Support Advisor (Apple Support)

End of 2025 – 01/2026

Concentrix

- Provided technical support for Apple products via phone, chat, and email
- Diagnosed and resolved hardware, software, and account-related issues
- Delivered exceptional customer service with a focus on user satisfaction
- Consistently met performance metrics while maintaining high CSAT scores

Technical Support Advisor (Apple Support)

2023 – 2024

Teleperformance

- Provided technical support for Apple products via phone, chat, and email
- Troubleshoot and resolved hardware, software, and account-related issues
- Delivered solutions with a focus on efficiency and customer satisfaction
- Maintained strong performance metrics and customer satisfaction scores

Note: I left my role at Teleperformance in 2024 to focus on completing my Diploma in Software & Web Development with Honors.
